WAIVER FOR SUBMITTAL OF THE OPERABLE UNIT 11 CONSERVATIVE RISK
SCREEN - KKO-005-95

Action: Obtain waiver

According to Section VII.D.1.a, b, c, and d of the Interagency Agreement, it appears that the Department of Energy/Rocky Flats Field Office (DOE/RFFO) needs to obtain a waiver for submittal of the Operable Unit 11 Colorado Department of Public Health and Environment (CDPHE) Conservative Risk Screen instead of submitting the four Technical Memoranda as required by the Interagency Agreement. I recommend submitting a transmittal letter upon delivery of the Operable Unit 11 CDPHE Conservative Risk Screen letter report requesting a waiver for delivery of the four risk assessment Technical Memoranda considering the results of the Operable Unit 11 site specific CDPHE Conservative Risk Screen. Furthermore, to maintain the Environmental Restoration accelerated schedule for Operable Unit 11, which contains a delivery date of May 18, 1995 for the Draft RCRA [Resource Conservation and Recovery Act] Facility Investigation/Remedial Investigation (RFI/RI) Report to the regulatory agencies, I recommend that DOE/RFFO request receipt of comments on the CDPHE Conservative Risk Screen from the regulators by April 7, 1995.

Please call me if you have questions concerning this correspondence. Thank you for your valuable input on the Operable Unit 11 project. I look forward to continuing working with you toward the successful completion of a No Action Record of Decision for Operable Unit 11 with an accelerated schedule.
